Sir:

of Correction

Applicants respectfully request that a Certificate of Correction be issued in order to correct the errors specified in the attached copy of Certificate of Correction Form PTO-1050.

In particular, Applicants assert that the claims as presented in the September 26, 2003 Preliminary Amendment are not reflected in the Letters Patent. These changes included removal of multiple claim dependency in claim 10 and addition of claims 12-19 to recapture this claimed subject matter. The original Notice of Allowability, issued December 27, 2004, stated that claims 1-11 were allowed. After a January 11, 2005 telephone conference with Examiner Tran to inquire about the status of claims 12-19, a Supplemental Notice of Allowability was issued on January 14, 2005, stating that claims 1-19 were allowed. However, the Letters Patent only lists claims 1-11, including claim 10 with multiple claim dependency. Applicants respectfully request that claim 10 be corrected and claims 12-19 be included in a Certificate of Correction.

Applicants believe that the errors are on the part of the Patent and Trademark Office, and therefore no fee is due in relation to this matter in accordance with the provisions of 37 CFR §1.322. However, should any fee be due, please charge the same against Deposit Account No. 15-0461 in order to ensure prompt issuance of a Certificate of Correction.

Respectfully submitted,
